

APPRENTICESHIP OPPORTUNITIES

Austal is a world leader in the design and manufacture of high performance aluminium vessels, with an extensive product range including high speed passenger and vehicle passenger ferries, patrol boats, yachts and cruise vessels.

An Austal apprenticeship is not only a full-time employment based training program that teaches all aspects of a trade, but it also provides a solid foundation on which to build a successful career.

With uniforms, safety equipment, tools and training provided, these highly sought after apprenticeships are a great opportunity to start a very rewarding career at a company with a successful history of excellence and innovation.

With our track record of success, the diversity of work available and opportunities for promotion, travel and other benefits, an apprenticeship at Austal is the choice for shaping your career.
